The Haven

A new adventure for
Clients and Staff

Skills and
Crafts

This group helps to develop specific skills and encourages you to enjoy activities out doors. We are putting a programme together of what clients would like to do.

Meeting Dates

We aim to improve clients' awareness of hidden talents or develop existing ones and to share these with others.

We already have a number of people among our group who have exceptional skill as artists and photographers and many other skill. Group activities can form around these peer experts.
